OBJECTIVE

Motivated Computer Science student seeking a Software Development Internship where I can contribute, grow, and gain real-world experience. Eager to apply my academic knowledge in a professional setting, collaborate with experienced developers, and learn enterprise software practices including .NET technologies.

EDUCATION

Bachelor of Science in Computer Science (Present)

North Eastern Mindanao State University • Tandag City, Surigao del Sur

TECHNICAL SKILLS

Languages	C++ • JavaScript • Python • Java
Frontend	React.js • HTML5 • CSS3 • Tailwind CSS • Bootstrap
Backend	Node.js • Express.js • Django
Databases	MySQL • SQLite • MongoDB
Tools	Git & GitHub • REST APIs • Postman • VS Code
Learning	ASP.NET Core • Entity Framework • SQL Server

PROJECTS

CITEzen - Student Concern Management System

- Centralized platform for submitting and tracking students concerns with real-time routing and role-based dashboards for students and admins.
- Improved student-to-school communication efficiency through automated concern routing and status monitoring.

FIREGUARD3 - IoT Fire Alarm Monitoring System

- Real-time fire monitoring system with live sensor data visualization, device status tracking, and instant emergency alert notifications.

WashGO - Car Wash Booking Management System

- Android mobile app for booking and managing car wash services, allowing customers to schedule appointments and enabling admins to track and manage bookings.

EXPERIENCE

Academic & Personal Software Projects 2023 – Present

- Built and iterated on multiple web application projects, applying software engineering principles from planning through implementation.
- Collaborated with teams using Git workflows; practiced agile, responsive, and user-centered development.

Member - Devthugs Company Present

- Contributed to collaborative software projects, assisted in development tasks, and engaged in sharing peer knowledge.

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving • Critical Thinking • Team Collaboration • Communication • Adaptability • Time Management • Fast Learner • Attention to Detail

Languages: English • Filipino (Tagalog) • Bisaya
